LEAP
Multi Academy Trust

We are delighted to be able to offer additional places for our next Y7 intake.

This follows a successful year at Eckington School, during which we joined LEAP Multi Academy Trust. This has enabled us to offer more school places as a result of LEAP's significant investment in staffing and infrastructure.

We are already working with local bus companies in order to add further to our extensive school transport offer in readiness for September 2019.

So go on, make the LEAP and join us at Eckington School!
